FUNDRAISING

HELLO!

Thank you for considering Parrothead Popcorn for your next fundraiser! Let's get popping!

HERE'S HOW IT WORKS:

Together, we decide on a timeline for your fundraiser. For best results, we recommend two weeks for your fundraising campaign. Once that's settled, you can hand out order forms (sample enclosed) to your fundraising team to take home with them. Your team should use this form to record orders, collect the appropriate funds, and submit them to you for processing.

At the conclusion of your fundraiser, total up your order and email us a summary so we can begin filling your order (please allow 7-10 days for popping).

We'll set up a date and time for delivery with you. Once your order has been delivered, simply sort your orders and make arrangements to have them picked up by your team members.

There's no upfront fee required to get things rolling. We'll invoice you for your total order, due upon delivery, payable by cheque or e-transfer.

Please have your group meet us upon delivery to receive your order.

- NO UPFRONT FEES!
- ALWAYS FRESH!
